

Championing Diversity, Equity & Inclusion at PSEG and Beyond

Championing Diversity, Equity & Inclusion at PSEG and Beyond

Embracing diversity and inclusion and promoting equitable behavior is critical to achieving our mission of Powering Progress.

To unleash innovation, collaborate effectively and make PSEG a place where people can and want to work, each of us is responsible for:

1. Increasing and harnessing the diversity of our workforce and partner base;
2. Creating an inclusive workplace where employees are engaged and feel psychologically safe;
3. Ensuring everyone has equitable access to the resources they need to grow and thrive, professionally.

We are also committed to supporting DEI within our communities. We will do this by investing in and developing diverse suppliers and partnering with community leaders and non-profits to address deeply rooted barriers to economic prosperity, equity and social justice.

This commitment applies across all dimensions of diversity including race, gender, disability, LGBTQ+ identity, generation, socio-economic status, education, and all the other traits and characteristics that make each person who they are.

Together, this is our pledge.
