Re: PSEG Solar Source LLC – Notification Under BPU Affiliate Rules

Dear Secretary Izzo:

Pursuant to N.J.A.C. 14:4-3.7(d), this letter is submitted by Public Service Electric and Gas Company (“PSE&G”) to notify the BPU of the creation of a new affiliate covered by Chapter 14 of the BPU’s regulations - PSEG Solar Source LLC, a Delaware limited liability company.

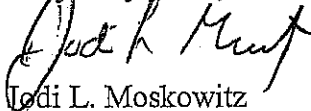

On February 7, 2008, PSEG Global LLC formed PSEG Solar Source LLC (“PSEG Solar Source”) as an indirect wholly-owned subsidiary. PSEG Solar Source has been formed to develop and install solar panels and related equipment for commercial and industrial customers located in New Jersey and neighboring states. Matthew J. McGrath is the President of PSEG Solar Source.

As required by N.J.A.C 14:4-3.7(d), a public posting of the information contained in this letter is being made simultaneously to the website of Public Service Enterprise Group Incorporated (PSEG.com).

In addition, PSE&G will update its Affiliate Relations Compliance Plan to reflect the existence of PSEG Solar Source.

Any questions related to the above-referenced notification should be directed to the undersigned.

Very truly yours,

Jodi L. Moskowitz
